

NEW ZEALAND'S IMPORTER DISTRIBUTER OF TOP TECHNOLOGY BRANDS

Hi there!

As we head into the Easter weekend, all of us here at **PMC** would like to thank you for your continued support. We hope you enjoy a safe, relaxing, and happy holiday with your family and friends!

Check out the Cruise2 5G Rugged Mobile Computer (4GB RAM / 64GB Storage)

5G is here, and it's changing the game when it comes to connectivity. This next-gen mobile network offers **super-fast speeds, low latency, and more capacity than ever**, making it ideal for sectors like healthcare, logistics, retail, manufacturing, e-commerce, and more.

The **Cruise2 5G Rugged Mobile Computer** gives your team powerful performance, seamless data transfer, and full IoT integration to boost efficiency on the job.

Things to keep in mind when implementing 5G:

- **Infrastructure:** Make sure 5G coverage is available in your area.
- **Compatibility:** Check your current software works well with 5G networks.
- **Security:** Address the increased cybersecurity needs that come with faster data flow.
- **User Experience:** Use 5G's speed to improve how your software performs.

Compliance: Review your data privacy and security policies for 5G rollout.

- **Compliance:** Be aware of local rules and spectrum licensing for 5G rollout.

With the **Seuic Cruise2 5G**, you'll enjoy:

- Faster, more reliable connections
- Reduced lag
- Greater device capacity
- Smoother workflows

Just for Fun – Did You Know?

Here are a few quirky facts to brighten your day:

- **Avocados are actually a fruit** – Technically, they're a single-seeded berry!
- **Alaska** is the only U.S. state you can type using just one row of the keyboard.
- **Earth's rotation is slowing down** – Every century, our days get about 1.8 seconds longer.
- **Your eyes focus on around 50 different things every second** – Incredible, right?
- **Facebook watches what you do online** while you're logged in (yep, even

off-site).

- **Sound travels four times faster in water** than it does in air!

Here's a quick update on how we can continue to support your business with high-quality labelling solutions:

Labels Off the Shelf

We stock a wide range of **off-the-shelf labels** in various sizes, ready when you need them:

- **Direct Thermal (DT)**
- **Thermal Transfer (TT)**
- **Synthetic labels** for more durable or specialised applications

From shipping labels to product identification, we've got you covered.

Premium Ribbons – Wax Resin & Resin

Looking for high-performance printing? Our **premium wax resin and resin ribbons** are available in both:

- **2-inch and 4-inch widths**
Ideal for crisp, durable print results across a range of materials.
