

## **AUTOID UTouch 2**

#### **Industrial UHF RFID Mobile Terminal**

AUTOID UTouch 2 is a new generation UHF RFID device escorted with overall improvement compared with predecessor, it can read utmost 1300pcs tags/s, different reading scenario can be changed at one tap, support multiple special tags and with upgraded algorithm to find the specific item precisely at your needs. With Octa core processor and wifi6 make it works like a duck in water in complexity environment, the 11700mAh dual battery will be a strong support for continuous work, this device also can resistant unparalleled 2.0m drops to concrete, that's just a game changer in market

### **Product Features**

# The transmission of data is real-time, fast, and stable with WIFI6

Transmission speed up to 1.2Gbps,39% improved than WIFI5, network capacity utilization is increased by 2-3 times, and multiple applications data concurrent without queuing.

Enhanced roaming, performance improved by 70%, packet loss rate as low as 1-2%

#### Balanced weight with ultra rugged

Just 630g weight, and it's balanced design makes it not flip over head when holding in your hand, it's humanize design.

This device withstand 2m drops to six corners 40 times and 0.5m 1000 rolls, it's IP67 protection.

#### **Dual battery, support long shift work**

Equipped with 6700mAh pistol battery and 5000mAh device battery, support continuous scanning at max power for more than 5hours, and support swap pistol battery without affecting device running.

# **Specifications**

| Physical Characteristics  |   |  |  |
|---------------------------|---|--|--|
| Dimensions                | 6.7 in. L x 3.1 in. W x 5.2 in. T (0.6 in.) |  |  |
|                           | 170 mm L x 80 mm W x 132.7 mm               |  |  |
|                           | T(16.4mm)                                   |  |  |
| Weight                    | 22.2 oz./630 g with battery                 |  |  |
| Display                   | 5.5" display with capacitive                |  |  |
|                           | touch,1440(H)×720(W)                        |  |  |
| Power                     | ≥11700mAh (Main unit 5000mAH + Handle       |  |  |
|                           | 6700mAh replaceable)                        |  |  |
|                           | Bottom Type C USB port, support QC3.0 fast  |  |  |
|                           | charging, intelligent recognition of PC and |  |  |
|                           | charger;                                    |  |  |
