

NEW ZEALAND'S IMPORTER DISTRIBUTER OF TOP TECHNOLOGY BRANDS

Hi there!

Here's our Featured Products for May!

WILL BE AVAILABLE OFF THE SHELF IN JUNE

***Seuic* | AUTOID UTouch 2 2.2 Android 11 UHF RFID Reader – Long Range**

The **AUTOID UTouch 2** is a next-generation UHF RFID Reader with significant improvements over its predecessor.

It can read up to 1300 tags per second and allows for easy switching between different reading scenarios with a single tap. The device supports various special tags and features an upgraded algorithm for precise item identification. Equipped with an octa-core processor and Wi-Fi 6, it performs well in complex environments. The 11,700mAh dual battery provides strong support for continuous operation and is built to withstand drops from up to 2 metres onto concrete. This combination of features makes it a game-changer in the market.

Seuic | CRUISE2 5G 2.4 Q8 Android 13 Rugged Mobile Computer

With **CRUISE2 5G**, you will enjoy faster connections, lower latency and larger capacity while enhancing work efficiency.

Applications where latency and bandwidth are critical include manufacturing, warehousing, public utilities and storage facilities, logistics, retail, e-commerce and more.
