

Hello from the Team at PMC!

This is our last newsletter for the year.

As we zoom closer to Christmas, a well earned break isn't far away!

We just wanted to say
Thank you to everyone for
your support during 2025
and we look forward to a
prosperous year in 2026!

Need to upgrade or not happy with the performance of the scanner brand you're using at the moment?

Trade up to the ZEBRA SP72 Series | Single-Plane Scanners

ZEBRA are offering **Great deals** when trading in on the **SP72 Series** Single-Plane Scanner range.

Vertical (on-counter) and horizontal (in-counter) models available:

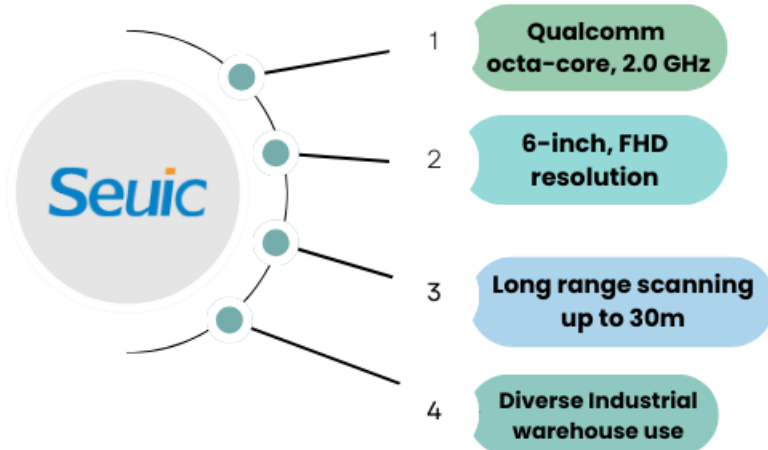

- Enhance Checkout and improve your bottom Line with high-performance In-Counter and On-Counter Scanning.
- Provides a more intuitive swipe-and-go experience for self-checkout customers, with up to 40% faster scanning, limiting lost sale walk-aways.
- 44% larger scan area requires less precision when positioning a barcode.
- Effectively scans various barcode types and sizes – whether they are damaged, crinkled or faded.
- Be prepared for the growing adoption of both 2D and mobile barcodes.
- These high performance single-plane vertical and horizontal scanners are designed to improve the checkout experience in grocery, convenience, pharmacy and speciality stores.
- The SP72 Series innovative features optimise your supply chain management.
