PMC Digital Group

Hello from the Team at PMC!

**HAPPY CHINESE NEW YEAR!** World events such as this can disrupt the supply chain – Many manufacturers across Asia will observe extended holiday closures around 17 February, this can impact production and lead times.

## Seuic AUTOID Q7-Grip Mobile Computer & Scanner

**How the Seuic AUTOID Q7-Grip could change the everyday running of your Business.**

**Need to increase the operational efficiency of your transit operations?  
Do your mobile computers need to run nonstop for long periods of time?**

**Seuic AUTOID Q7-Grip  
Mobile computer | Scanner**

Improve the operational efficiency of your business

## Here's the perfect solution!

The AUTOID Q7-Grip Mobile Computer is now 50% larger than its predecessor, and it performs better on batteries and in scanning applications by more than 30%.

Increase your daily business operation efficiency by using the high-performance AUTOID Q7-Grip mobile computer during the loading, unloading, and sorting stages of transit operations. Utilising a 5200mAh high-capacity battery to effectively address any past performance issues, the AUTOID Q7-Grip mobile computer is outfitted with an industry-leading Qualcomm processor and the latest scanning engine.

You'll be able to customise your mobile computer system for device management, enabling administrators to perform remote upgrades, application management and troubleshooting for operational maintenance.

## Seuic AUTOID Q7-Grip Mobile Computer & Scanner

**Seuic AutoID UF40**  
UHF 4 Ports Fixed RFID Reader

Designed for high volume tag reading in Warehousing and Logistics

Ai Intelligent

New Product

**The Seuic AUTOID UF40 is a 4-channel split-type fixed RFID reader based on the Linux system.**
