PMC Digital Group

PMC Digital Group

Hello from the Team at PMC!

Access and workplace Security are a priority for a lot of businesses. If you've never quite got the idea over the line because you're not sure where to start, give us a call so we can talk through some options.

There's also a **handy gadget** that can punch the slots in your cards for your lanyards!

Over Winter already? Now's a good time to get the 'to do jobs' out of the way. **When did you last give your Barcode Label printer or Plastic Card printer a clean?**

Once you're done there's some **Winter Pick me Ups**, that'll make you smile!

Contactless Cards are an easy way to control access in different areas

CONTACTLESS Cards

- > RFID
- > NFC

Contactless Cards provide variable Access Solutions

Site Access
Secure Access
Restricted Access

Contactless Cards make sense when you need to have secure access in your workplace. If it's not already a part of your everyday, get in touch to see how we can make it work for you.

RFID cards

ON SALE

Conveniently punch slots in your Contactless Cards for lanyards or clips

Aprait Slot Punch & Corner Cutter PC-5313

This heavy-duty 2-in-1 desktop Slot and Corner Punch tool is designed specifically for processing and finishing PVC and ID cards

FEATURES:

- Slot Punching: Creates a standard lanyard or badge clip slot 13mm × 3 mm.
- Corner Rounding: Trims square edges to a professional R5 radius.
- Design: Built with a heavy-duty metal body, an adjustable guide for precise alignment and a pull-out chip tray. Maximum card thickness approx. 1.2 mm.

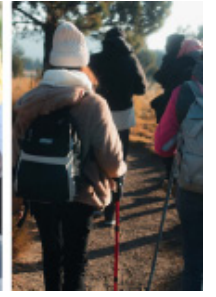

Winter Cleanup

If you're doing a bit of a Winter tidy up, don't forget to do the same for your **Barcode Label and Plastic Card Printers**.

If you regularly use a [Printer Cleaning Kit](#) your printer will run more efficiently and it'll go a long way to extending its life.

A collage of images and text promoting an advertisement in the New Zealand Food Technology News. The main text on the left says 'Check out our Advert | New Zealand Food Technology News | July Issue — Industry 4.0 | Automation and Control Systems'. The collage includes logos for 'Seuic', 'AiGather', and 'PMC digital technology'. It also features various industrial automation components and lists benefits such as 'Inventory verification', 'Workflow acceleration', 'Conveyor and Production line automation', 'Sub-zero operation', 'Continuous tracking', 'Factory floor diagnostics', 'Real-time production oversight', 'Scanners', 'AI decoding', and 'Traceability systems'. Contact information '09 416 9670 | technology.net.nz' is provided at the bottom right.

We've got an Advert in the [New Zealand Food Technology News | JULY](#)
Take a squiz to see our **Automated traceability solutions** for production, warehousing and inventory.

Winter Pick Me Ups

- Be social. Have friends over for a card game or a movie night.
- Too cold outside? Create your own indoor exercise regimen – find an online workout class or line dancing, play your fave music and move!
- If it was Summer, what food would you eat? Pick your favourite dish, dress warm, uncover the BBQ and recreate the smells and tastes of Summer!
- Get creative, enrol in a community class. Try something new, just to have fun. **Winter will be over before you know it!**

So, whether its price, reliability or you just need a bit of help deciding.
Look no further, contact our specialists and discuss your needs today!

Talk to Us

If you are thinking about upgrading your technology or just want to know more, our team is here to help.
