

Hello from the Team at PMC!

Cruise2 2.0 Q8 Mobile Computer Android - Mobile computers can streamline the frontline of your business, so it's worth considering if you're new to the idea.

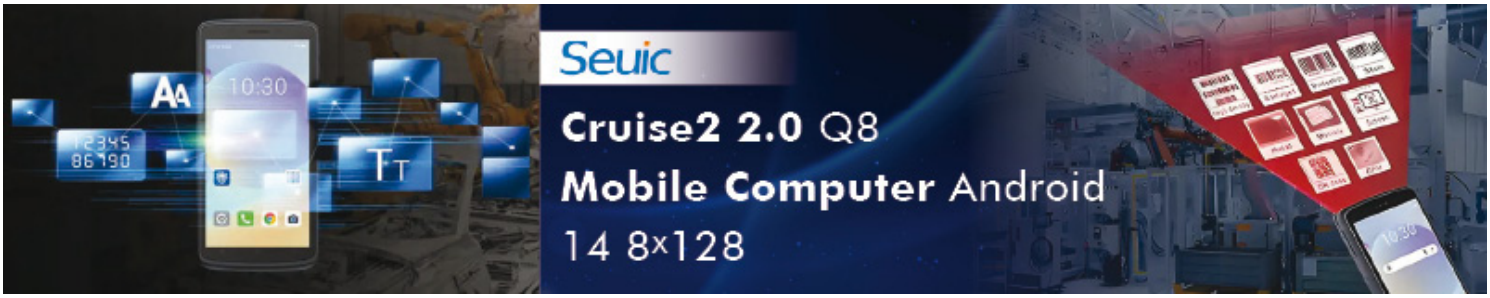

SCANNERS - How to choose? We hear you, there's so many! So that's why we've listed some helpful **Key Points.**

Dare we say it, but... the **'Silly Season'** is just around the corner, so before things go completely 'nuts' now's a good time to check what you might need.

We're not trying to be alarmist! But... we just wanted to assure you that as far as we're aware our team are still all human and very approachable! If you'd like to add a new bit of gear but not quite sure what the options are, then **give Jordan a call.**
